

donate

Transition Town Brixton has achieved a lot in our first 18 months. Still there is a lot of work to do and we cannot do it alone. We are a grassroots organization that has over 1,000 supporters in Brixton - many of whom are actively engaged in the new process of writing the Brixton Energy Descent Plan. We are volunteers attempting to build a better world. But our projects cost money and we have real problems building our capacity to manage the incredible growth of the Transition Town Brixton phenomenon. We really do need a few people to help us out with small donations until we can find more structural long term funding to pay our bills. If you can donate a lump sum, or small monthly direct debits, we will be grateful.

This is an exciting time for Transition Town Brixton. Please help us manage the transition from a small group of hopeful activists to a large group of people actively building a low energy resilient community.

Please donate today or set up a direct debit with the following bank details:

The Lambeth Climate Action Group - Transition Town Brixton
